Engineering Projects & Maintenance Services

## BUSINESS PROFILE

# WHO WE ARE

- ❑ Torqes Engineering is a multidisciplinary engineering firm providing construction, maintenance and industrial services to the resources, energy, industrial & manufacturing sectors
- ❑ We have been accredited by the South African Supplier Diversity Council (SASDC) as a supplier that qualifies to do business with and add value to big corporate companies.
- ❑ Our capacity includes associate teams of qualified Engineers, Project Managers, Technicians, Certified Artisans and Skilled Workers.

# THE TORQES DIFFERENCE

- ❑ Through associate partnerships, Torques offer the full in-house, self-executed multidiscipline blue collar construction spectrum including SMP, Electrical/Instrumentation (E&I), and Civil/Earthworks disciplines
- ❑ Experienced personnel that provide constructability input at early stages of project design or development to facilitate time and cost savings during execution as well as mitigate risk
- ❑ Reduced interface issues due to seamless planning of offsite procurement and fabrication requirements to meet site execution schedules
- ❑ Dual trade personnel availability to minimise site resource manning requirements
